

BLING4BAGS

Where do ladies put their handbags when they go to a restaurant or coffee shop ... they either have to dump it on the dirty floor next to them, hook it behind their chair or clutch onto it for dear life. Our bag hangers are stunning Bag accessories that simply hook onto the side of the table next to them, keeping handbags Safe & Clean

We have a range of Bag accessories that not only look great, but their main function is to offer women **Stylish Safety**

UN-MISTAKABLE QUALITY & STRENGTH

Our Bling is made of glass & rhinestones and NOT acrylic/plastic like a lot of the cheap and nasty hangers available (so our stone wont go dull & our hangers wont break after a few weeks)
